## ATTENTION DENTISTS AND LAB OWNERS!

- ✔ Would you like to be the reason someone finally gets a job and can support their family or is no longer too self-conscious to smile and speak with their child's teacher?
- ✔ Would you like to give your staff a hands-on team building experience while serving others?
- ✔ Would you like the chance to provide true continuity of care to someone in need while using your special gifts and talents in the familiarity and convenience of your own operatory or lab?

If you answered YES to one or all these questions, please take a moment to learn about our "Change a Smile, Change a Life" Program.

## WHO WE HELP

**Smiles and Beyond** helps those that have lost their smile because of a domestic abuse situation or former incarceration.

The goal of our *Change a Smile, Change a Life* program is to provide restorative dental care to as many individuals in need as possible.

Those that are working hard to earn a second chance and for whom a new smile would be a key factor in achieving their goals.

Those who will gain confidence with their new smile to take their success to the next level.

## HOW WE HELP

### Community Referral Partners

We partner with community nonprofits that help individuals who have experienced domestic abuse or former incarceration. Our partners such as the Phoenix Rescue Mission, New Leaf, and Maggie's Place rely on **Smiles and Beyond** to help underserved individuals restore their smile as part of their overall reintegration into society.

### Extensive Screening and Application Process

To assure our volunteer dental providers and labs that they are donating their time, talents and materials to those truly in need. **Smiles and Beyond** requires that all referred individuals undergo a rigorous application process. Then, we pair qualified applicants with a volunteer dental team.

### Patient Coordination

After being contacted by **Smiles and Beyond** to schedule an initial evaluation we follow up with an introductory email to provide you with patient information, including pictures and charting of all missing teeth.

Once you accept a participant, we review the collaboration agreement, which outlines the participant's responsibilities. The agreement also grants **Smiles** permission to communicate and coordinate the dental plan.

## FAQs

### What does the patient application process entail?

Individuals that are eligible to apply...

- Must be free from their last incarceration for no less than one year, and/or free from an abusive situation for no less than 12 months.
- Must be drug and alcohol free for at least 12 months.
- Must have a support system in place (i.e., regularly attending therapy, support groups, church).
- Must have stable housing and reliable transportation to make all their dental appointments.
- Must be working, actively looking for employment, or attending an educational program.
- Must have no dental benefits or other means to pay for dental care.
- Must demonstrate a commitment to completing their dental treatment plan.

### Will I have the freedom to determine my patient's treatment plan?

Yes, the program participants are well informed they must accept the treatment plan as presented.

### Is there a certain number of required cases per year?

We ask each volunteer provider to donate a minimum of one (1) case per year.

### Are there additional benefits to becoming a volunteer provider for Smiles and Beyond?

Yes, all volunteers receive acknowledgement on our website with a link to your website, social media platforms, and monthly newsletters.

All patients receive a make-over and a professional portrait at the completion of their care. The 'after' portraits are shared with the dental team.

All dental volunteers are provided with documentation of the in-kind services and materials they donate.
